# **ITW** Nexus

The following Technical Information is designed not only to assist in the selection and use, but also to show the capabilities of the Engineered Buckles and closures manufactured by ITW NEXUS Europe.

It will not provide all the answers, as Plastic Technology is an ever changing field, but it should prove a useful guide.

The ITW logo, Nexus<sup>TM</sup>, Nx<sup>TM</sup>, Fastex<sup>TM</sup>, Fixlock<sup>TM</sup> are registered trademarks of Illinois Tool Works. Many of the products shown in this catalogue are covered by one or more patents.

[www.itwnexus.com](http://www.itwnexus.com)

WSR

WSR 20	N,A	B
WSR 25	N,A	B
WSR 40	N,A	B
WSR 50	A	B
	mat.	col.

The World Side Release (WSR) buckles, offer a short, compact and functional design, including a new center rib in the female to increase crush resistance. They also incorporate the patented Slick Click Latching Mechanism.

DWSR

DWSR 25	A	B
DWSR 40	A	B
DWSR 50	A	B
	mat.	col.

The World Side Release is also available with Dual Ladderloc facility. Both 40 and 50 mm version have a contoured profile to improve user comfort.

AIRLOC

AIRLOC 20	A	B
AIRLOC 25	A	B
AIRLOC 40	A	B
AIRLOC 50	A	B
	mat.	col.

With all the structural benefits of the World Range, the AIRLOC features the enhanced “SEE-THRO” design.

AIRLOC DUAL

AIRLOC DUAL 25	A	B
AIRLOC DUAL 40	A	B
AIRLOC DUAL 50	A	B
	mat.	col.

Dual Ladderloc facility with “SEE-THRO” design.

WSR TONGUE

WSR 40 TONGUE	A	B
WSR 50 TONGUE	A	B
	mat.	col.

Based on the WSR design, this buckle with extended tongue offers rapid release even with gloved hands. This part is ideally suited to **Diving** equipment.

MP BUCKLE 50

MP BUCKLE 50	A	B
	mat.	col.

The MP buckle 50 mm has been designed specifically for situations when two handed release is preferred.

**SR**

SR 20	N,DL	B
SR 25	N,DL	B
SR 30	N	B
SR 40	N,DL	B
SR 50	N,DL	B
SR 60	DL	B
	mat.	col.

Originally designed by ITW Nexus, the Side Release buckle has long been the standard for both performance and appearance in the buckle industry. Patented center bar wings prevent both overflexure of arms and release under impact loading.

ESR

ESR 20	A	B,RD/B
ESR 25	A	B
ESR 30	A	B
ESR 40	A	B
ESR 50	N,A	B
ESR 60	DL	B
	mat.	col.

The Europa Side Release ESR buckles feature the patented Slick Click Latching Mechanism with a thoughtful ergonomic design.

DESR

DESR 50	N,A	B
DESR 60	DL	B
	mat.	col.

From the Europa Side Release family offered also with Dual Ladderloc facility. Both 50 and 60 mm versions have a contoured profile to improve user comfort.

ESR 60-B

ESR 60-B	DL	B
	mat.	col.

Designed with wider female slot to accommodate wider belt specifications.

**SS-40**

SS-40	N/GF	B
	mat.	col.

The Super Strong offers a high resistance load to meet specific applications.

**SS-440**

SS-440	N/GF	B
	mat.	col.

The Newer, redesigned and stronger version of our standard SS-40

**SHOCKLOC 15**

SHOCKLOC 15	A	B,RD/B
	mat.	col.

The Shockloc™ was specially designed for 15mm webbing, with a curved profile to ideally suit bicycle **helmet** requirements.

**SHOCKFLEX 15**

SHOCKFLEX 15	A	B,RD/B
	mat.	col.

Exclusive patented flex design and integral shock absorbers to allow impact load absorption. Ideal for leisure **helmets**.

**W5W 25**

W5W 25	A	B
	mat.	col.

The 5 way buckle provides safety to the **juvenile** industry. Its 25 Nw load release avoids opening by infants.

LL

LL 12	A	B
LL 15	A	B
LL 20	A	B
LL 25	A	B
LL 30	A	B
LL 40	A	B
	mat.	col.

Ladderloc adjustor are the most versatile buckles available, allowing easy one-handed release or tightening of webbing and straps.

ELL

ELL 20	A	B
ELL 25	A	B
	mat.	col.

The Europa Ladderloc is designed with an optimum release angle to maximise webbing grip while maintaining easy tightening and gradual release.

WLL 25

WLL 25	A	B
	mat.	col.

This compact and attractive design also offers easy threading, precise locking and significant strenght properties.

SLL

SLL 25	A	B
SLL 50	A	B
	mat.	col.

The Super Ladderloc offers enhanced performance under higher load applications.

TG

TG 15	N	B
TG 20	N	B
TG 25	N	B
TG 30	N	B
TG 40	N	B
TG 50	N	B
	mat.	col.

The ITW NEXUS Triglides (TG) has become the standard strap length adjustment for the industry.

ETG

ETG 20	A	B
ETG 25	A	B
ETG 30	A	B
ETG 40	A	B
ETG 50	A	B
	mat.	col.

The Europa Triglides provides length adjustment on strap assemblies as well as innovative styling. Designed also with teathed bar to increase load retention.

SG

SG 20	N	B
SG 25	N	B
SG 30	N	B
SG 40	N	B
	mat.	col.

The lower profile and smooth action allow the Slimglides (SG) to be used in applications where the standard TG is unsuitable.

AIR DIVIDER (AD 15)

AIR DIVIDER (AD 15)	N	B
	mat.	col.

This **helmet** 15 mm Strap Divider allows “easy slide” pre-set fitting when open, with excellent webbing retention, combined with the ability to re-open when necessary.

INTERNATIONAL DIVIDER

INTERNATIONAL DIVIDER 15	N	B
	mat.	col.

The newest redesigned 15 mm Strap Divider. A simple, modern and effective divider for **helmet** industry.

WA 17

WA 17	N	B
	mat.	col.

The Wedge Adjuster (WA) was designed to perform to the rigid demands of the protective **helmet** retention systems.

**HPCB**

HPCB 315	A	B
HPCB 320	A	B
HPCB 325	A	B
HPCB 330	A	B
HPCB 340	A	B
HPCB 350	A	B
	mat.	col.

The High Performance Cam Buckles (HPCB) provide an easy use and adjustment to secure webbing. The locking doors trap the webbing to prevent unintentional slippage

**PCAP**

PCAP	A	B,GY,W
	mat.	col.

Versatile cam buckle, central adjustment to secure webbings while locked on a surface.

**LPCB**

LPCB 815	A	B
LPCB 820	A	B
LPCB 825	A	B
	mat.	col.

The positive locking action of this Cam Buckle is complemented by a low profile design

**LPCB 327**

LPCB 327	A	B
	mat.	col.

A low profile Cam buckle with longer tab for 25 mm webbing

## SNH

SNH 20	N/A	B
SNH 25	N/A	B
SNH 30	N/A	B
SNH 40	N/A	B
	mat.	col.

ITW NEXUS Snaphooks are available in a wide variety of sizes for numerous applications. Most popularly used as shoulder strap attachments, they are strong, lightweight, and easy to use.

## RSNH

RSNH 25	N/A	B
RSNH 40	N/A	B
	mat.	col.

Rotary Snaphooks allowing 360 degrees webbing rotation.

## WTC 25

WTC 25	DL	B
	mat.	col.

A unique solution to connect webbing onto tubular section.

## KH

KH 5	N	B
KH 8	N	B
	mat.	col.

Moulded Karabiner Hooks eliminate the traditional metal crimp ring. They securely grip shock cord by means of a fastening mechanism.

CSB

CSB 3030	A	B
CSB 4040	A	B
CSB 5050	A	B
	mat.	col.

Buckle specifically created for the **workwear** industry. A third bar incorporated to allow strap on the clip.

NCSB 4040

NCSB 4040	A	B
	mat.	col.

Strong, lightweight and attractive new version of suspender buckle ideal for **workwear** garment.

NCSB 3737

NCSB 3737	A	B
	mat.	col.

Designed to compliment the NCSB style, this lightweight but durable product increases the size range and customer choice.

FX 3

FX 3 (Gz+3way)	N/GF	B
	mat.	col.

A Group Zero center release buckle for 3-way webbing applications with ergonomic style for easy parental operation. According to ECE 44.04.

FX 5

FX 5 (Gz+5way)	N/GF	B
	mat.	col.

A Group Zero center release buckle for 5-way webbing applications with ergonomic style for easy parental operation. According to ECE 44.04.

GP 1

GP 1	N/GF	B
	mat.	col.

A Group 1 buckle stylish recreation for 5-way European seatbelt systems. Sliding push button design. Slick, streamlined and very lightweight. According to ECE 44.04.

FX 1

FX 1	N/GF	B
	mat.	col.

A Group 1 buckle, revolutionary all plastic made buckle capable to withstand high load applications and compliant to ECE 44.04 standard.

QCR

QCR 720	A	B
QCR 725	A	B
QCR 740	A	B
QCR 750	A	B
	mat.	col.

The Quick Center Release Buckle combine easy adjustability and appearance with single-handed top release.

ECL

ECL	A	B
	mat.	col.

The Ellipse Cordloc boasts a patented hole alignment feature which eliminates the process of manually compressing the closure to thread the cord. Then, a simple squeeze permanently unlocks the alignment mechanism and securely grip any cord.

ECL TOASTER

ECL TOASTER	A	B
	mat.	col.

Based on the popular ECL shape, the slotted body makes direct connection to the fabric possible. This feature enables one handed cord release.

GTSP CORDLOC

GTSP CORDLOC	A	B
	mat.	col.

An advanced ECL Toaster with self cleaning feature and added ribs on the top to be easily used with gloved hand

DCL

DCL	N	B
	mat.	col.

The Double Cordloc offers a fashionable functional method of joining cords and sealing bag tops.

CF STD 4\*10

CF STD 4*10	A	B
	mat.	col.

A two piece non-corrosive all-plastic Cordloc.

CF MINI 4\*4

CF MINI 4*4	A	B
	mat.	col.

A mini non-corrosive all-plastic Cordloc.

SL 183

SL 183	A	B
	mat.	col.

A single springlock offering simplicity and commodity to clothing applications.

SL 188

SL 188	A	B
	mat.	col.

A Springlock for double cord applications.

CSL

CSL	A	B
	mat.	col.

Small but robust springlock, due to design simplicity, it is ideal for lightweight garment and clothing applications.

CL

CL 192	A	B
CL 194	A	B
CL 195	A	B,GY
CL 197	A	B
	mat.	col.

This Cordloc has been designed including a wheel ideal to lock the cord only in one direction so user finds an easy way to operate it.

**CORD END**

CORD END	N	B
	mat.	col.

The innovative concept of the Single Cord End combining an engaging visual appeal with an effective and simple technique.

**CANNON CLIP**

CANNON CLIP	N	B
	mat.	col.

Performing a a finger grip point to ease draw cord tensioning, and prevent cord and cordloc separation.

**ZIP CORD**

ZIP CORD	N	B
	mat.	col.

Zip Puller to reduce cord usage and installed quicker than tying knots.

**CP 3-6**

CP 3-6	N	B
	mat.	col.

Cord Puller to give location area to adjust 3-6 mm cord applications.

**CE 3-5**

CE 3-5	PP	B
	mat.	col.

Cord End providing a fashionable finish to 3-5 mm cord applications.

## DR

DR 20	N	B
DR 25	N	B
DR 30	N	B
DR 40	N	B
DR 50	N	B

mat. col.

ITW NEXUS Drings provide a lightweight and non-corrosive solution wherever a sturdy attachment point is required.

## SQR

SQR 15	N	B
SQR 20	N	B
SQR 25	N	B
SQR 30	N	B
SQR 40	N	B
SQR 50	N	B

mat. col.

ITW NEXUS loops (square rings) are ideal for holding straps of webbing where no adjustment is needed

## RR

RR 25	N	B
RR 30	N	B
RR 40	N	B

mat. col.

Rings specially designed to be attached with the Rotary Snaphooks (RSNH)

T (TERMINAL)

T 20	N	B
T 25	N	B
T 40	N	B
	mat.	col.

A terminal where no tools or sewing is required. A finished look only by hand attachment.

TM

TM 20	PE	B
TM 25	PE	B
TM 30	PE	B
TM 40	PE	B
	mat.	col.

Sewing terminal offering a professional finish to cut webbings.

MW 2

MW 2	PP	B,OR
	mat.	col.

The streamlined design with finger grip area makes whistle easier to hold. The revised retainer clip offers improved retention to fabrics and clothing. The MW 2 produces over 100 decibels of sound, is non corrosive and boyant in water.

TENT TOGGLE

TENT TOGGLE	PP	B,OR
	mat.	col.

Designed to close tent door roles, it has been seen on other applications where a toggle is needed.

**BLS**

BLS 25	N	B
BLS 30	N	B
BLS 40	N	B
	mat.	col.

A simple multi-application accessory to give a tidy and finished appearance to your end product with straight style.

**BLS 50**

BLS 50	N	B
	mat.	col.

A simple BLS accessory but a curved bar styled

**BKL**

BKL 25	N	B
BKL 40	N	B
	mat.	col.

With removable feature, this product is essential to control loose webbing ends in many applications.

**TSD 430**

TSD 430	PP	B
	mat.	col.

A Strap Divider to hold braces or suspenders in central position on your back.

**PSD 440**

PSD 440	PE	B
	mat.	col.

A Strap Divider to hold braces or suspenders in parallel position on your back.

FT 2

FT 2	E	B
	mat.	col.

Fast Tab lash points are designed as a replacement for leather accessory patches. They are easily threaded, retain flexibility in all field temperatures, and are unaffected by mildew or fungus

FT 4

FT 4	E	B
	mat.	col.

This model creates a two strap retention point enabling unusually shaped items to be securely mounted.

FT 6

FT 6	E	B
	mat.	col.

A Fast Tab for longer applications needs.

SPAD

SPAD 30	E	B
SPAD 40	E	B
	mat.	col.

Accessory to provide comfort on shoulder straps and reduce slippage.

PH 3000

PH 3000	A	B
	mat.	col.

The Phone holder series offers a lightweight, strong and ergonomic system to hung mobile phones, handheld GPS and various power tools. The PH 3000 is the smaller in the series with clip attachment

PH 5330

PH 5330	A	B
	mat.	col.

Medium Size Phone Holder with clip attachment.

PH 5340

PH 5340	A	B
	mat.	col.

Medium Size Phone Holder with screwable back plate attachment.

PH WHEEL

PH WHEEL	N/GF	B
	mat.	col.

Wheel usable to connect Medium Size Phone Holders with devices. Available for PH 5330 and PH 5340.
